

Shopping List for Home Aquarium Starter Kit

- AQUA-Tech or AquaCulture **Home Aquarium Starter Kits**
- Aquarium Gravel (1 to 1 ½ pounds of gravel per gallon)
- Decorations, such as plants or rocks
- Additional Carbon Filter Cartridges* for **Power Filter**
- Water Conditioner (We recommend **Tetra AquaSafe®**)
- Fish Food (We recommend **TetraMin Tropical Flakes** or **TetraFin Goldfish Flakes**)
- Gravel Cleaner/Vacuum
- Aquarium Net
- Power strip with surge protector
- Water Test Kit (We recommend **Jungle 5-in-1 Test Kit**)

For Tropical Fish, you'll also need:

- Aquarium Heater
- Thermometer

Here are some items that will make your fish keeping experience even better:

- An aquarium stand – remember, a complete aquarium with water, gravel and fish weighs about 10 to 11 pounds per gallon
- Air pump and airline tubing
- Check valve for air pump
- Air stone or air-driven ornament
- Light Timer
- Bucket to be used for aquarium water only
- Decorative aquarium background

**AQUA-Tech and AquaCulture Home Aquarium Kits include either the AQUA-Tech Power Filter or Tetra Whisper Filter. The filter cartridge needs to be replaced every two to four weeks to keep your aquarium clean and healthy.*
